JOSIAH TURNER, Jr., EDITOR.

WIVES AND MOTHERS.

In "Facts About Wives and Mothers," an excellent collection of anecdotes relating to women and their influence, arranged by Rev. R. Donkersley we find the following capital stories:

MATERNAL AFFECTION.

"The renowned poet Gray was the son of a wretchedly besotted and shiftless father; but a kind Providence gave him one of the best of mothers in every sense of that term. And the future career of the boy seems to have verified the caustic remark of a certain anonymous writer: "We never saw a really great man who had not a remarkable woman for his mother; but, in all conscience we have seen great men who could not boast of anything in the shape of a father."

"On one occasion, the mother of the poet Gray, having business with a lawyer, the circumstances seem to have demanded that she should speak with a freedom of her husband which is always repulsive to a true woman and affectionate wife. At this time she made the following revelations, which place in strong contrast the characters of the parents of our poet.

"'I have never been any charge to my husband since our marriage. During all this time I have not only found myself, but also my twelve children, with all manner of apparel. I have also procured all the furniture of our house, and paid forty pounds a year for the rent of my husband's shop. I have in addition, provided almost everything for our son while at Eton's School, and now he is at Peter House, Cambridge.

"'Notwithstanding which almost ever since we were married, my husband hath treated me in the most inhuman manner by beating, kicking, punching, and with vile and abusive language; so that I have been in the utmost, and in continual fear of my life. This, I am resolved to bear, if possible, not to leave the shop of trade for the sake of my son, to be able to assist in maintainance of him at the University since his father won't.'

"Biographers further inform us, 'that to the love and courage of his mother Gray owed his life when a child. She ventured what few women are capable of, to open a vein with her own hand, and thus removed the paroxysm arising from fullness of blood, to which it is said all her other children had fallen victims. We need not wonder that Gray mentioned such a mother with a sigh.'

"Whenever again our fair readers shall read those fine pieces, 'Ode on a Distant Prospect of Eton College,' and 'Elegy Written in a County Churchyard,' let them 'pay the tribute of a tear' to the memory of one of the tenderest, most affectionate, and self sacrificing mothers of which history gives us any record."

POWER OF A PARTING ADMONITION.

"Mr. Wendell Phillips tells the following: As a mother stood by the garden gate one sunny morning, she said: "Edward, they tell me—for I never saw the ocean—that the great temptation of the seaman's life is drink. Promise me before you quit your mother's house, that you will never drink." And he said (for he told me the story,) 'I gave her the promise, and I went the broad globe over—Calcutta, the Mediterranean, San Francisco, the Cape of Good Hope, the North Pole, and the South—I saw them all in forty years, and I never saw a glass filled with sparkling liquor that my mother's form by the garden gate on the green hillside of Vermont did not rise before me; and to-day, at sixty, my lips are innocent of the taste of liquor.' Was not that sweet evidence of the power of a single word? Yet that was not half.

"'For, said he, 'there came yesterday into my counting room a man of forty, and asked me: "Do you know me?" "No." "Well,' said he, 'I was once brought into your presence on shipboard. You were a passenger. The captain kicked me aside, you took me to your birth, and kept me there until I had slept off the intoxication. You then asked me if I had a mother. I said I never knew a word from her lips. You told me of yours at the garden gate, and to-day I am master of one of the finest packets in New York, and I came to ask you to call and see me.'"

"How far that little candle throws its beams! that mother's words on the green hill side of Vermont! O God be thanked for the power of a single word!"

HOW CHILDREN ARE MURDERED.—The adulteration of candies in New York has become of late years alarming, and in order to produce cheap articles, manufacturers are adulterating with various extracts, and substances which are either injurious to consumers, or a deadly poison. Many children are, doubtless, yearly sacrificed by the absorption into their systems of these abominations inadvertently given by parents. Terra alba, or white earth, costing but one and one fourth cents per pound, is extensively used instead of sugar, and lozenges are produced by cheap dealers at from two to five cents a pound less than the cost of sugar at wholesale. In the manufacture of gum drops, glue is used in lieu of gum arabic, the former costing but a few cents per pound, and the latter about forty cents. Verdigris, tonka beans, Paris green, chrome yellow, Berlin blue, aniline, and sublimate of mercury are all used, each of which is either a deadly poison, or very injurious to the system.

The common method of flavoring candies, in order to produce them economically, can be readily accounted for. Poisons are much cheaper than genuine extracts. Peach flavors in candied almonds and sugar plums are obtained from fusil oil, which is very poisonous. The bitter almond flavor is created from unadulterated prussic acid; pine apple is procured from very rotten cheese and nitric acid. Candies are made purporting to be flavored with fruits from which no extracts can be obtained. The imitations are all poisonous. Cheap candies are a means of desolation in numberless households.—*New York Sun.*

* * *

A SINGULAR FACT.—"The peach was originally a poisonous almond. Its fleshy parts were used to posion arrows, and the fruit was for this purpose introduced into Persia. The transportation and cultivation, however not only removed its poisonous qualities, but produced the delicious fruit we now enjoy."

We take the above from the *Waverly Magazine* of the 20th of January, 1869. We have often heard it said that the planting of a peach-stone on this island would produce the almond, such as may be seen in the Custom-house grounds on the island and in several of the yards occupied by citizens. Some eighteen months ago, we planted two peach stones as an experiment for raising the peach on this island. We now have in lieu of the peach, the coarse, hard-stone almond, similar to those above mentioned.

We are not aware of any poisonous qualities in this almond, although we have heard of children having died from the effect of eating them, which might have occurred from eating almost any other green fruit in excess. We have eaten the fruit ourself, without having been poisoned. Can any of our friends throw light upon the subject?—*Key West Dispatch.*

MEDICAL.

HENRY'S

CARBOLIC

CONSTITUTION RENOVATOR,

OR

BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions, Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villanous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both became infected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and knew not, until a few months ago, the origin of it

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparts a

Sparkling Brightness to the Eye,
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all Sides.

For all affections of the kidneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbia, Mo., I suffered tortures with running sores. Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

FOR ALL DISEASES OF THE

KIDNEYS, RETENTION OF THE URINE, &c

And for Female Diseases,

Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

CHICKEN STEVENS IN THE SENATE —SCENE IN THE ROTUNDA.

We have not risen to a question of "personal privilege" this session, although such questions are the order of the day. Moore, of Chowan, pious Welker, of Guilford, spirit rapping Downing and the saintly Sinclair, have all had their privileges, which generally resulted in personal abuse, and denunciation of the SENTINEL.

We tell these worthies, their assaults have not ruffled the evenness of our temper, but only increased the circulation of our paper. It will be seen from Thursday's proceedings, in the Senate, that Senator Stephens of Caswell raised a point of order on Senator Galloway, (colored.) The colored Senator being thus interrupted, said, "As the Senator from Caswell has brought his chickens in, I will yield the floor!"

When the Senate adjourned, Stephens took his stand in the rotunda and, as Galloway approached, demanded to know what he meant by saying he had brought his "chickens in." "D—n you," says Gallerway, "Jo Turner says you stole chickens, and I believe what he said." About this time the boys outside made a noise in imitation of that of the fowl mentioned in Scripture, when Peter denied his master.

The Senators parted, and thus the matter was "amicably settled;" or, to use the language of the "Code," "honorably adjusted."

About this time, Hayes, colored, passed; Galloway said to Hayes, "do you think that d—d Chicken Stephens didn't stop me to know what I meant by "bringing in his chickens?" "I told him I meant he stole chichens."

The Indian used to say, "white man first, Indian next, dog next, and the negro last."

Now, the saying is reversed: "negro first, dog next, white man next, and the Constitution last."

But to our question of personal privilege; the brains of the Senate, (Galloway,) has grossly misrepresented us, and we call upon him to correct his statement in open Senate. We never said Senator Stephens stole chickens. We said he was indicted in Rockingham for stealing chickens and he compromised by paying the cost of the indictment, and then moved to Caswell.

While on this subject, it is due to the Governor and the President to say that we never charged their friend, "Hon." Windy Billy Henderson, (the President's assessor for the 6th district, and the Governor's Director on the North Carolina Railroad,) with stealing Darr's mule; we said he was *indicted* for it. Nor did we ever charge "Hon." Cuffy Mayo, representative from Granville, with stealing a pistol; we said he was *indicted* for it. Nor did we ever charge Rev. James Sinclair, Grant's Assessor for the Robeson district, and member from Robeson county, with drunkenness, lying, stealing, kidnapping and fornicating; we only published these charges preferred against him by his Church and for which his Church deposed him.

Nor did we ever charge Senator Abbott of complicity in the Littlefield-Swepson purchase of the Governor and Legislature of Florida, but we did say he was in Florida with them, was intimate with them, and we recommended that some Magistrate in Florida arrest Senator Abbott under the vagrant act, as he was following no honest means in that State for his living.

Nor have we chargedthat Gen. Laflin and "Hon." John T. Deweese, carpet bag men, one a member from Pitt, and the other member of Congress and bosom friend of the Governor, have been bought by Gen. Littlefield. But we say this, Gen. Littlefield gave his note to "James Smith" for $9,000; Gen. Laflin is said to have passed that note to John T. Deweese, who passed it to Shaffer. Shaffer sued upon it in Wake Superior Court; Littlefield answered the complaint that the note was given to "James Smith" a "*fictitious person*," for an *illegal* consideration. Shaffer and Churchill both declare that they believe Laflin and Deweese have guilty knowledge of the illegal consideration which moved Littlefield to give the note. We confess to having said that Starbuck, Andy Johnson's District Attorney of the United States, was guilty of perjury in this; he was a member of the *secesh* Convention in 1861, and then took the test oath, swearing he never gave "aid, countenance or encouragement to the rebellion." He was presented for perjury by the Grand Jury of the Federal Court but did not draw a bill against himself.

We have not said that "honest" John Ragland, member and orator from Granville, was a liar, but we did read over his sign manual, a libel in which he declared that what he said of a brother member of the Legislature, in a public speech, was not only false, but *maliciously* false.

Nor have we said of the Legislature, what Pike and the *Standard* said, to wit:

> "We denounce this Legislature as unworthy the support of the Republican party, or of the support of any honest man irrespective of party."

We say, when honest men refuse or hesitate to expel such members as Ragland and Stephens, they deserve all that Littlefield's black tongue paper can say of them. Give it to them, again Pike, "without regard to race, color or previous condition."

And now we take our seat, having said all that pertains to our question of personal privilege. We have not imitated members of the Legislature in our question of personal privilege, by abusing others; all we have said was said in mercy, not malice, and in the interest of justice, country and truth.

And now again we say, whether on Davie or Fayetteville street, "let us have peace."

The Legislature of North Carolina.

SENATE.

FRIDAY, Feb. 25, 1870.

The Senate was called to order at 10 o'clock.

PRIVILEGED QUESTION.

Mr. Welker arose to a question of privilege and read the following correspondence, to corroborate his statement on the floor of the Senate, that the Committee on Printing were having the work done at least 25 per cent cheaper than the State Printer had done it, to wit:

RALEIGH, Feb. 25, 1870.

Messrs. Nichols & Gorman:

GENTLEMEN:—I understood Mr. Nichols, of your firm, to say that you had a sub-contract for printing from the *Standard* office at 25 per cent below the contract of the State Printer. I further understood him to say that you would do the printing of the Senate, temporarily, at the price you were working at under the sub-contract, and so said in the Senate when asked.—Was I correct? Answer at once. Please return this note or a copy, with your answer.

yours truly,
G. WM. WELKER.

RALEIGH, N. C., Feb. 25, 1870.

Rev. G. Wm. Welker,
Senator from Guilford:

DEAR SIR—We notice in the *Standard* of this morning an article which says:

"Messrs. Nichols & Gorman deny having any connection with Mr. Welker," and further state that his assertion that they had been doing work twenty-five per cent cheaper than done by the Public Printer, was untrue."

The entire paragraph is a barefaced, wilful, deliberately perpetrated falsehood from beginning to end. The assertion it made the day previous that you were "with" us in business, required no denial. The editor of the *Standard* did send a messenger to us on Tuesday last, to enquire of us the price we were charging the State for printing, with a view, so the messenger stated, of assailing you. We gave the messenger a verbal answer that we did not think it was any of his (Pike's) business; that we did not intend to be a party in assailing you, and that therefore, he must obtain his information elsewhere. We have never denied the statement you made to the Senate, and in fact, we do not know what statement you did make, as it was not stated in the *proceedings* of either paper. We are, however, ready to inform those having authority to require the information, the terms agreed upon by us and the committee, but object to parties obtaining the information from us to make an assault on other parties.

We care nothing ourselves for the *Standard's* misrepresentations, and address you this note, simply to assure you of the falsity of the *Standard's* assertion, in order that you may, if you think proper, expose the contemptible meanness of the editor, and the utter unreliability of his printed assertions.

Very respectfully yours, &c.,
NICHOLS & GORMAN.

P. S.—Since writing this note, we have received your's of this morning, making inquiry as to the correctness of your statement made to the Senate. In answer, we say, you were correct.

Yours &c.,
NICHOLS & GORMAN.

NOTICE OF BILLS.

Mr. Respass gave notice that he would introduce a bill to incorporate the Raleigh Water Works Company, and a bill to amend an act to enable the city of Raleigh to borrow money for certain purposes.

BILLS INTRODUCED.

By Mr. Love: Bill authorizing and directing the Superintendent of Public Works to advertise and to rent the Executive Mansion on the 20th of March, to the highest bidder, and to return the money obtained to the Public Treasury. Referred.

By Mr. Lassiter: Bill to extend the time to the Sheriff of Granville to collect his taxes. Referred.

By Mr. Richardson: Bill to authorize Mary Jane Tyson to construct a bridge at a certain point over Deep River, Moore county. Referred.

By Mr. Brogden: Bill to change the time of holding the Superior Courts in the counties of Greene and Jones.

On his motion, the rules were suspended, in order to put the bill through its several readings. The bill passed its second reading; and, on motion of Mr. Colgrove, was laid on the table for the present.

By Mr. Welker: Resolution to appoint a Committee of investigation, to wit:

Resolved, That the Speaker of the Senate appoint a Committee of three Senators, with full power to inquire into and report whether any money, bonds, or other things of value was paid or, other unlawful means used, to procure the passage, enrollment, or engrossing, of the bill to be entitled an act amendatory of the act to incorporate the Western North Carolina Railroad Company, ratified the 15th of February, 1855, and of all acts amendatory thereof; ratified the 19th day of April, 1869; and if so, by whom, the same was paid, or unlawful act committed, and who received the same.

Resolved further, That the Committee shall have power to send for persons and papers and examine witnesses on oath, and if need be to take testimony by commission.

Mr. Hayes moved to amend the resolution by striking out "Senate Committee of three" and insert "the Committee of investigation composed of Messrs. Phillips, Bragg and Scott."

Messrs. Welker, Love and Robbins spoke in opposition to this amendment and urged the adoption of the resolution immediately, and in its original form.

Mr. Davis urged the adoption of the amendment. He was opposed to *smelling Committees* any how and could not see any necessity for increasing them. He thought if anything would be accomplished at all by them, the Committee already appointed was fully competent to make the investigation, and if the Senator from Guilford had anything to communicate he could go before that Committee.

Mr. Welker said he never should have made a move in this direction, unless he had the necessary information of a substantial character, to justify it, and as he had done so he hoped the Senate would allow him the mode he had suggested to carry out his object.

The amendment was voted down, those who voted in the affirmative, are

Messrs. Brogden, Colgrove, Cook, Davis, Hayes, Harrington, Jones of Columbus, Legg and Respass—9.

The resolution was adopted and the chair designated Messrs. Welker, Love and Winstead as the Committee.

By Mr. Robbins: Resolution asking the Governor for information concerning the investment of the literary fund in special tax bonds, to wit:

WHEREAS, A recent report of the Public Treasurer mentions the fact that a large part of the Literary Fund has been invested in special tax bonds of North Carolina, therefore,

Resolved by the Senate, That the Governor as *ex officio* President of the Board of Education, is hereby respectfully requested to furnish this body at the earliest possible moment, with information upon the following points, to-wit:

1st. What amount of the Literary Fund has been invested in said special tax bonds?

2d. Under what authority and by whose order was said investment made?

3d. In which particular class or kind of said Bonds was said investment made?

4th. From what person or persons were said Bonds purchased?

5th. What was the date of the purchase or purchases?

6th. At what prices were said bonds purchased?

7th. Have said bonds been paid for?

8th. What moneys were used in making said purchase of bonds?

9th. What were the entire terms, circumstances and objects of this transaction of investing the Literary Fund in said special tax bonds?

Resolved further, That the Secretary of the Senate transmit a certified copy of these resolutions to the Governor immediately upon their passage.

Mr. Sweet said he did not see the necessity or propriety of passing the resolution, inasmuch as the information sought to be obtained, he thought was embodied in the annual report of the Treasurer. He supposed the purpose of the resolution was to condemn the policy of making said investment. He himself thought it was a wise and judicious investment.

The House of Representatives transmitted a message from Gov. Holden, enclosing a preamble and resolution adopted by the Board of Education, in reference to the investment of the Board of Education to the amount of $450,000 in special tax bonds, and protesting against any legislation impairing the validity of said bonds. (The same that was read in the House on yesterday.)

At the suggestion of the President, the communication was read, as he believed it would throw some light on the subject under consideration.

Mr. Robbins said: The purpose of the resolutions is merely to get some important information on the important subject of what is being done with our Literary Fund. I am in favor of schools, and in favor of taking good care of our School Funds.—The Senator from Craven fears the resolutions will cast a shade of reproach on the investment of that Fund in special tax bonds. Will it be a condemnation of that investment merely to learn the facts concerning it? That is what the resolutions propose. If this transaction will bear inspection, it can do it no discredit to know the facts; and I hope nobody wants the truth kept back in regard to it. It is essential that we know the facts, that we may take proper measures to prevent said investment from being lost.

I am for schools above almost every other interest. I have never given a vote here, and never will, which will hinder the noblest of all causes—the cause of enlightenment and education. I want to see the children of both races educated. This investment in special tax bonds will, I fear, prove a very unfortunate one; and I hope the resolutions will pass, that we may get complete information, and, if possible, prevent the loss of this large part of the Literary Fund.

The resolutions were adopted.

On motion of Mr. Sweet, the communication from the Governor was referred to the Committe on Education, with instructions to report a bill guarding the interests of the Educational Fund invested in the special tax bonds.

Mr. Long moved a suspension of the rules, in order to take up and put upon its passage the bill relating to the powers and duties of the Sup't. of Public Works. This bill authorizes the Superintendent of Public Works, either in person or by proxy, to represent the State's stock in all the corporations or Joint Stock Companies in which the State has an interest, and to vote either in person or by proxy, in behalf of the State, at all elections of directors, in such corporations or Joint Stock Companies at which the State is entitled to vote;

Provided, That the Governor shall appoint the directors for the State in all corporations or Joint Stock Companies, when the charter of said corporations guarantee to him the right.

Mr. Moore of Carteret, moved to lay the motion on the table, which was ruled out of order.

The motion to suspend the rules was voted down, requires 26 votes.

Mr. Jones, of Mecklenburg, moved to lay the bill and the substitute on the table, which was voted down. Ayes 16, nays 16, the President voted in the negative.

The substitute was adopted and was rejected on its second reading by the following vote:

By B. W. Morris: A bill in favor of Capt. G. B. Willis, for militia services done in Craven county, under call of the Governor. Referred.

UNFINISHED BUSINESS.

Bill to enable the North Western North Carolina Railroad Company to complete the first division of their road (allows the Co. to issue, and sell first mortgage bonds to the amount of $500,000)

Messrs. Vest, Vestal and Seymour, advocated the passage of the bill.

After some little debate, the bill was referred to the Committee on Judiciary, with instructions to report to-morrow.

On motion of Mr. Ashworth, the rules were suspended, and the bill to allow Probate Judges to prove deeds, &c., was taken up and passed its several readings.

On motion of Mr. Seymour, the rules were suspended, and the bill to change the terms of the Superior Courts of the Third Judicial District, was taken up, amended and passed its several readings.

On motion of Mr. Malone, the rules were suspended, and the bill in reference to the corporation of the town of Lenoir, was taken up and passed its several readings.

On motion of Mr. Farrow, the rules were suspended, and the bill dividing Hyde county into wreck districts, was taken up and passed its several readings.

SPECIAL ORDER.

Bill to provide for the collection of taxes by the State and by the several counties of the State on property, polls and an income (machinery.)

Mr. Harris of Franklin, moved to postpone the special order and consider his motion of yesterday, to reconsider the vote by which the motion to reconsider the Rail road appropriation bill was postponed until Tuesday next.

Upon the question of postponing the special order, the yeas and nays were called and resulted in a vote of yeas 45 nays 39.

Mr. Harris called the previous question on his motion.

The yeas and nays were called, and the House sustained the call by a vote of yeas 50, nays 27.

The question then recurred upon Mr. Harris' motion.

The yeas and nays were called, and the House sustained the motion by a vote of yeas 48, nays 33.

The question then recurred upon Mr. Seymour's motion postponing the consideration of the motion to reconsider the vote by which the bill repealing certain Railroad appropriations passed.

Mr. Seymour took the floor against any reconsideration of his motion. He made, while speaking upon the motion, a long argument in opposition to the policy and intent of the bill.

During his remarks, Mr. S. said that if the bill became a law, that he expected Democrats in the next campaign, would repeat Mr. Durham's declaration, that the Republican party was a failure, the Governor a failure, the Legislature a failure and in fact, the whole Republican administration of the State government an egregrious failure. He viewed this matter as a vital party measure, and its adoption, a death blow to the Republican party as well as to the credit of the State.

Mr. Pou obtained the floor and moved to lay on the table, the motion postponing the consideration of the motion to reconsider the bill until Tuesday (this motion carries with it the original motion to reconsider).

The yeas and nays were called and the vote stood yeas 48 nays 30.

The following is the ballot:

YEAS.—Argo, Armstrong, Ashworth, Barnes, Blair, Boddie, Carey, Cawthorn, Davidson, Ellis, Franklin, Gatling, Gibson, Green, Harris, of Franklin, Harris, of Wake, Hawkins, Hendricks, Hicks, High, Hinnant, Hodnett, Humphries, Hudgings, Jarvis, Kelly, of Davie, Kinney, Long, of Chatham, Long, of Richmond, McCanless, McMillan, Mendenhall, Moore, of Alamance, Nicholson, Pearson, Pou, Renfrow, Shaver, Slegrist, Smith, of Alleghany, Smith, of Martin, Smith, Smith, of Wayne, Stanton, Strudwick Sweat, Thompson, Williams, of Harnett, Williams, of Sampson.—Yeas 48.

NAYS.—Banner, Candler, Carson, Cherry, Clayton, Crawford, Dixon, Eagles, Forkner, French, Gahagan, Graham, Hayes, Ingram, Justus, of Henderson, Kelly, of Moore, Laflin, Malone, Mayo, Moore, of Chowan, Morris, Proctor, Robinson, Reynolds, Stevens, Sykes, Vestal, Vest, Wilson.—Nays 30.

The special order was then resumed (bill to provide for the collection of taxes by the State and by the several counties of the State on property, polls and income.

The bill was considered section by section up to the hour of adjournment.

PRATT'S "ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the best and safest Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now used by thousands of families, and in no instance has any accident occurred from its use. A lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a peculiar manner, so that it cannot be tampered with. Every package with unent seal we warrant. Be sure and get none but the genuine article, Pratt's "Astral" Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors.

"The Norfolk Oil and Fish Guano COMPANY'S.

PHOSPHATIC FISH GUANO,

PRICE $50 PER TON OF 2,000 lbs., AT NORFOLK VA.

Manufactured at Norfolk Virginia.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of bone phosphate and Soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudices produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

LOOKS BADLY.—We refer the reader specially to the report of the Senate proceedings, in this morning's issue. The little correspondence brought to light in Mr. Welker's question of privilege, shows that somebody has been "mistaken."

"SHOO FLY" seems to have died out as a popular excitement since the departure of La Rue's minstrels, as if they had exhausted the subject and song.

So says the Wilmington Journal. "Shoo Fly" never got a good hold here, we have heard two or three boys make efforts to whistle it, but they soon went off "up in a balloon."

THE SPORT CONTINUES.—Robins are still plentiful on Shaw's Creek in Orange. The people in the surrounding country destroy hundreds of them nightly. All the ammunition in Hillsborough has been used up, and orders are sent daily to Raleigh for powder, shot and caps.

A one armed soldier went out a night or two ago and picked twenty-three from the bushes with his hand. A lady with a brush killed one hundred and twenty-three in one night.

We remember hearing, in 1838, the great pigeon year, of a workman, employed on the Capitol in this city, going on the top of the Capitol, and with a brush killing some hundreds of the pigeons from a cloud of them passing over the building. This is about the only case we ever heard of in the bird catching line, that would at all compare to the robin catching in Orange.

BULLARD'S PANORAMMA OF NEW YORK CITY.—We had the pleasure of witnessing this grand work of Art at McNeely's Hall. It is just what the bills and advertisement represent it. The interest of the spectators, be they children or adults, never flags. From the time they catch the first "bird-eye-view," through the long lines of ships and steamers, along the battery, up Broadway, with its view of cross streets, until they look upon the final scene, spectators are wide awake, and as animated as though they were walking and the Panorama was the still reality.

The lecturer, illustrates, explains, elaborates, tells a story, points a moral, relates an anecdote, unwinds long statistics, just tinged enough with mystery to be interesting—does all this as easily and readily as moves the Panorama smoothly. We have rarely spent a more pleasant evening than in witnessing this exhibition, and of the crowded Hall in attendance, we think there was not one who was not highly pleased.

The following card from the Pastor of the Methodist Church of this city speaks for itself:

Albert Morton, Esq.:

DEAR SIR—I take pleasure in giving expression to my very great admiration of your splendid "Panorama of New York." It is truly a *marvelous* work of art. The paintings are faultless. The scenes are life-like. The explanations correct, instructive and useful.

The whole exhibition must please, instruct, and benefit all who take pleasure in the beautiful and the good. I gladly encourage such an exhibition. How much better it would be for our people to patronize art, science and good morals, than the *miserable* demoralizing "shows" of the day!

Yours truly,

L. S. BURKHEAD.

GENTLY PIKE! GENTLY! 'PENT YOURSELVES, HANDS!

Pike, in the *Standard* of the 22nd inst., spoke thusly, of the Legislature:

"We denounce this Legislature as unworthy the support of the Republican party or of the support of any honest man irrespective of party.

We denounce it for having endeavored to force dishonor upon a State and a people who loathe the acts which are committed in their name.

We denounce a majority of its members as unfaithful to the trusts which they received from the people who so unfortunately elected them.

We refuse to recognize this Legislature as a Republican Legislature."

This was because they passed an adjust act repealing the appropriation acts of the last session.

Carpet bag Sweet, after interviewing Littlefield in Washington, and receiving a telegram from the carpet bag Senator, Abbott, prevailed on the Legislature to reconsider the vote by which the bill passed, repealing the appropriation acts.

[NOTE.—The motion to reconsider was killed in the House yesterday.]

Then Pike speaks in this style in the *Standard* of the 25th of February, in an editorial headed, "Legislature—the good and the bad:"

"We are somewhat surprised to learn that many of our friends think, because we have not indicated them by name, when speaking of the Legislature, that we wish it understood that they are not Republicans. Such an impression is entirely erroneous. We have referred to some members by name simply because they were each the representative of a certain shade of opinion in the Legislature, while they were all in accord upon the great principles of the party. After doing this we could not, as a necessary consequence, reflect unfavorably upon men who have taken the same course as the men we named. We do not wish to make out a list classifying the entire Legislature just at present, although we may do so hereafter, and therefore do not mention all whom we endorse, for to do so would be to point out all whom we consider unworthy and we wish to give them time in which to repent before we take the final step.

* * * * * *

We say this much to calm the apprehension of those gentlemen who, from not having been especially mentioned, think their constituents will consider us as having put them in the list of the unworthy. At the same time we cannot refrain from expressing our opinion that much of their talk would better befit pouting school boys than the legislators of a great State.

* * * * * *

Against such men our article were directed, and between them and the *Standard* there can be no terms, unless they repent speedily and completely."

That's right Pike, make the hands "'pent" themselves.

Old Charles, freedman, said he would not vote for Col. Taz. Hargrove, of Granville, because he said if he had the power he would vote the negro back into slavery in three hours, unless the Colonel would "'pent" himself of such a speech. Colonel Guthrie, who, with Rev. Solomon Pool, brother of sneaking John, and President of the University, who councils the Republicans of Orange, said, with Ariel, "the negro had no soul," and, going further than Ariel, he said, "the negro had no bone in his nose and was not human!" The negroes of Orange all voted for the Colonel, after these hard sayings, but the Colonel had to "'pent" him. So we take leave of the subject by saying "'pent" yourselves, hands; remembering, and taking hope from the repentant thief on the cross.

TRANSFERRED.

The President, Secretary, Treasurer, and certain Directors of the Western North Carolina Rail road Company held an informal meeting in Washington city last week. Abbott wanted to make it formal and regular, but the "rebs" would not. There are twelve directors of this Road; why don't some of them say something? The President won't speak; the Secretary won't speak; the Governor won't speak; except to recite a law, call it a "proclamation" and sign himself *respectfully* Littlefield's.

It is said the Governor will go soon to see Littlefield; it would be more respectful to the place he fills to make Littlefield, his State Printer and Binder, and President of a Rail Road, come to him.

We suggest to the Governor to make Littlefield meet him half way at least; say at Richmond, Petersburg, or Norfolk.—Littlefield promised to pay the contractors last Wednesday, but before the day arrived he repented himself, and, under the advice of his council, Ben Butler, gave notice that he would not do so. The Treasurer of the company left Washington, came hurriedly to this city, talked with the Governor, Sweet and certain carpet baggers, and took the Thursday night's train for Washington again.

The Road would make better progress, if President Littlefield, were here, instead of having the Secretary and Treasurer, and General Clingman and other Directors travelling to him in the District of Columbia.

INDEFINITE LEAVE.

Kildee Lassiter asked and obtained an indefinite leave of absence for Davis, the carpet bag Senator and woman insulter, of Montgomery, and assigned as a reason, that Davis had been summoned before the investigating Committee. How stupid in the Kildee to offer such a reason!

Davis has not left yet. We predict his seat will be vacated next week, but he will not go to his constituents.

The last time he was among them one of them is said to have given him two whippings in public.

The widow Harris, whom he insulted by calling her a "d—d liar," has a wagon whip and a cowhide thirteen feet long, presents we sent her by a Republican neighbor of hers, after hearing that she had used a *chair* upon the Governor's friend and Treasurer of the Western Railroad.

When Davis leaves next week, we ask the Governor where will he go to?

The new Steamship Line from Newbern to New York, a notice of which we made some time since, is, we learn from the *Journal of Commerce*, about to be put in operation.

DIED,

Near Rock Spring N. C., on Monday 21st day of February 1870, Mr DAVID ROACH, aged eighty-nine years. Mr. Roach was born, lived and died in the county of Orange. He was a good and useful citizen, a kind neighbor and a humble christian.

Thursday Night Dispatches.

WASHINGTON.

WASHINGTON, Feb. 24.—Revenue $362,000.

Hon. Wm. Orton argued before the Senate Committee on Postoffices and Postroutes against the government interference with telegraph lines.

The following is the resolution adopted by the Senate to-day:

Resolved, That to add to the present irredeemable paper currency of the country would be to render more difficult and remote the resumption of specie payments, to encourage and foster the spirit of speculation to aggravate the evils produced by frequent and sudden fluctuations of values, to depreciate the credit of the nation and to check the healthful tendency of legitimate business on a safe and permanent basis, and therefore in the opinion of the Senate, the existing volume of such currency ought not to be increased.

The Court of claims has rendered judgment in the case of Berheim Brothers, New York, for $183,000 against the U. S. for proceeds of Cotton at Savanah.

SENATE.—The House amendments were concurred in. Subsequently Wilson moved to reconsider, the understanding being that objections were made to the names of ex-Senator Clingman of N. C. and a few others.

The matter of admitting Revels was discussed without definite action.

The House after disposing of Whittemore, went to the consideration of the legislative appropriation bill and adjourned without concluding.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly; and its investments are made on the most solid basis, being principally in improved real estate worth twice the amount invested, paying ten per cent. per annum.

All its Policies are non-forfeitable and all participate in the profits from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

VALENTINES—SOMETHING NEW.

Owing to the fact that some who have received Valentines wish to reciprocate, and others who have not, wish to send some, that they in turn may receive, Cupid will allow them to be sent during the entire month of February this year. And in order to assist in this accommodating arrangement, I have just opened a new lot of sentimental ones, which will be sold at half price.

LOSSES PAID PROMPTLY IN CASH.

LIST OF LOSSES ACTUALLY PAID BY THE ÆTNA LIFE INS. CO., AT THE BRANCH OFFICE, IN RALEIGH, BY THE HANDS OF W. H. CROW, GENERAL MANAGER OF THE STATE AND PART OF VA.

" 22,304	15,00

And $5,000 ready to pay a loss of No. 54,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,34
JOHN HANCOCK,	18,27
THE NATIONAL,	[illegible],48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
